All of our adoptable dogs are in homes, socialized, exercised daily and come with various levels of training. They are microchipped, current on shots and rabies, they have been dewormed, and receive topical flea treatment. We have certain protocol for certain dogs. If protocol is not followed by adoptee this is cause for concern and the best interest of the dog. We stay in touch with our adoptees to ensure a smooth transition for the dog and you/your family. We are here for you every step of the way.

If you are approved to adopt by Bullies And Buddies do you agree to maintain communication with the organization including updates on the dog's progress and pictures every so often to keep us informed of your happiness with the dog? _____
